

HOW TO BOOK

Step 1 - View Hostel Map: Begin your journey by exploring the hostel map feature. This interactive tool provides a comprehensive overview of the hostel layout, enabling you to know room locations.

Step 2 - Upload Details: Once you've familiarized yourself with the hostel layout, it's time to provide your personal information. In this section, you'll be prompted to upload essential details such as your name, contact number, residential address, and fee information. Ensuring accuracy in your submission is crucial for a seamless booking experience.

Step 3 : Choose Room: Take control of your accommodation selection with the freedom to choose your preferred room block. Navigate through available options and explore different floors and room types, including 4 or 5-seater arrangements. Our interface allows you to view real-time occupancy status, indicating partially occupied, fully occupied, and vacant rooms. Additionally, detailed profiles of existing occupants offer valuable insights about your potential roommates

Step 4 : Check Room Status: Stay informed about the status of your booking through the convenient room status feature. Track the progress of your allocation process, whether your room has been successfully allotted or is still pending confirmation.

NOTE

- Do not enter wrong details as it might lead cancellation of your room booking.
- Enter correct fees slip and correct sbi transaction details.
- All steps should be done in order.
